Subject: Bio-Wheels RTS Brightfield Ribbon Cutting

Please join us!

BioWheels RTS will celebrate its first Brightfield™ Charging Station at Asheville City's Public Works Building with a press event and formal ribbon cutting on December 12 at 10:00am. Speakers will include US Congressman Heath Shuler, Asheville Mayor Terry Bellamy, AdvantageWest CEO Scott Hamilton and Deputy Secretary of NC Department of Commerce Dale Carrol. There will be a Nissan Leaf, Chevy Volt and a Tesla Roadster to check out, all of which will be charging on solar fuel! The event will be located at Asheville's Public Works, 161 S. Charlotte St., Asheville, NC 28801.

PLEASE NOTE: All guests must park at the Stephens-Lee Recreational Center at 30 George Washington Carver Ave., Asheville, NC 28801. There is a footpath on the northeast corner of the Stevens-Lee parking lot that leads to a footbridge over Charlotte St. and to the Public Works Building.
